16-24 Learning Guide

Endeavour @ Prior Pursglove College

The Endeavour Faculty
at Prior Pursglove College
has a wide range of
courses on offer and can
match all ability levels
from pre-entry courses
to higher education.

We will find a suitable
and realistic personalised
progression route for
each learner to extend
and develop their learning,
whatever their individual
starting point may be.

The Endeavour Faculty provides a fully inclusive, stimulating and structured environment in which learners are provided with a wide range of opportunities and experiences to prepare them for life beyond college.

The learning guide will take you through the programmes on offer within the Endeavour Faculty at Prior Pursglove College. Should you have any further questions or would like to arrange a visit please contact one of the team below.

Supported Internship

Supported internships are a structured study programme based primarily at an employer. They enable young people aged 16-24 with a statement of SEN, or an Education, Health and Care plan to achieve sustainable paid employment by equipping them with the skills they need for work, through learning in the workplace.

Supported internships are unpaid, and last for a minimum of six months. Wherever possible, they support the young person to move into paid employment at the end of the programme.

Alongside their time at the employer, young people complete a personalised study programme at College which includes the chance to study for relevant substantial qualifications, if appropriate, and English and maths.

We have been running supported internships for two years and have built some excellent links with local and national employers.

For more details on this programme and how to apply contact Paul Richter at p.richter@pursglove.ac.uk
